Annalise Dantes

Edison, NJ
Mobile: 732 371 9767
Email: annadantes08@gmail.com
LinkedIn: www.linkedin.com/in/annalise-dantes/

Personal Profile

Rising student at the University of Florida dual-majoring in Mechanical and Aerospace Engineering with experience in robotics and computer engineering.

Education

2022 – 2026: High School Diploma

Edison High School - Edison, NJ
GPA: 3.95/4.00
Relevant Coursework: AP Physics C: Mechanics and E&M, AP Calculus BC, AP Economics, AP Statistics
Activities: FTC Robotics, Science Olympiad, Girls Who Code, National Honor Society, Track and Field

(Incoming) 2026 – present: B.S. in Mechanical and Aerospace Engineering

University of Florida - Gainesville, FL
GPA: — /4.00
Honors: National Merit Scholar, University Scholars Award
Key Interests: Robotics, Drone and Rotorcraft Design, Autonomous Vehicles

Experience

June 2025 – present: Technology Intern

Edison Township Board of Education

- Worked with information systems to distribute educational technology to a 1600+ student district
- Repaired and troubleshooted computer hardware and software
- Collaborated with other interns to streamline the distribution process

July 2024 – August 2024: STEM Academy Intern

Liberty STEM Alliance, NJ

- Created lesson plans daily based on lab experiments that include topics such as microbiology, genetics, and engineering
- Worked alongside a professor from New Jersey City University and other interns to design lab experiments
- Taught a class of 30+ students of various ages

Projects/Research

Coronal Mass Ejection Kinematics: Calculating Plasma Velocity and Acceleration | 2025

Talaria Research Institute

- Created and executed a study of coronal mass ejections using information from the LASCO/SOHO instrument
- Collaborated with researchers from the Astronomical Institute of Romania and the Royal Observatory of Belgium
- Created a research paper analyzing the kinematics of CMEs and presented at the 2025 International Talaria conference

Skills

Python, Java, HTML, CAD 2-D and 3-D modeling, CSS, circuit design (Arduino), 3-D printing
Languages: English (Native), French (Proficient)
